One will need to exercise caution by generating and reporting on a continuous basis rather than a one-time basis. Such extrapolation of data and financial analysis undertaken frequently is crucial to the company's health and decision-making abilities. Why do financial analysis courses? Do a course on financial analysis because then financial statements do not remain a mystery. Course skills ...

[Financial management - Wikipedia](#)

Financial statements are usually prepared on the assumption that the reporting entity is a going concern and is likely to operate for the foreseeable future. The assumption here is that the reporting entity has no intention to liquidate or to adversely curtail its scale of activities. If this is the case then a different basis of reporting may be necessary and the basis disclosed.
